# ECONOMIC OUTLOOK

The South Carolina Leading Index (SCLI) fell in July to a value (following revisions) of 102.57.

SCLI metrics were mostly down last month. Unemployment claims were 31.0 percent higher than in June. The number of issued housing permits fell 7.1 percent month-over-month and valuation for the permits fell 8.2 percent. Average weekly manufacturing hours were down 1.2 percent. The Dow Jones Composite Average was up 7.7 percent.

Source: S.C. Department of Commerce

The Conference Board's national Leading Economic Index decreased in July, following revisions, to 116.6. The decline is attributed to consumer pessimism and slowing residential construction. The Conference Board notes the possibility of a short, mild recession by the end of the year or early 2023.
